## **Primary PE and Sport Premium Funding**

In 2013 the government committed to spending £450 million over three academic years - 2013/14, 2014/15 and 2015/16 - on improving the quality of sport and PE in primary schools. This funding is allocated to schools and is ring-fenced and can therefore only be spent on improving the provision of PE and sport. On 6<sup>th</sup> February 2014 the Prime Minister committed to continue the funding for the Primary PE and Sport Premium until 2020.

### **Vision**

All pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for a healthy lifestyle and lifelong participation in physical activity and sport.

### **Objectives for the Primary PE and Sport Funding**

To achieve self-sustaining improvement in the quality of PE and sport in primary schools.

Expected indicators of such improvement to include:

- the engagement of all pupils in regular physical activity – kick-starting healthy active lifestyles
- the profile of PE and sport being raised across the school as a tool for whole school improvement
- increased confidence, knowledge and skills of all staff in teaching PE and sport
- broader experience of a range of sports and activities offered to all pupils
- increased participation in competitive sport

### **PE and Sport premium allocation for 2014/2015 – £8,895**

During the academic year 2014/15 we chose to use our PE and Sport Premium Funding to employ a sports coach from Full Circle Sports to work alongside teachers in order to develop their knowledge and confidence in delivering high quality PE lessons. We continue to believe that this approach will have a sustained impact beyond the period of funding. Our sports coach has also developed a balanced curriculum of PE and provided medium term plans for all year groups. She has organised competitions with our local partner schools and our OPEN academy trust schools, and taken on the role of PE coordinator within the school.

### **Impact:**

- Improved standards in the delivery of PE
- More confident and competent teachers
- Increased pupil participation
- A resource library of medium term plans and session plans for teachers
- A more inclusive curriculum
- Links with other curriculum areas made e.g. in dance
- Increased capacity and sustainability in the delivery of PE
- Improved provision of and participation in extra-curricular activities, including links with local clubs

- Increased participation and success of school teams in competitions with other schools, in a wide variety of sports
- Improved awareness amongst pupils of the dangers that undermine health

Feedback from teachers regarding support:

**Michelle Rudd:**

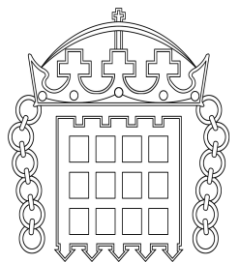

*'I have to say the best PE I think I have ever taught was the gymnastics during the Autumn. I learnt a lot from the PE Coach, about the process of learning gymnastics and how to plan a series of lessons. The children all received a certificate and in turn were proud of their achievements.'*

**Hayley Leyshon-Brady:**

*'The quality of my PE teaching has improved as a direct result of working alongside the PE Coach.*

*I now have a clearer understanding of progression within a discipline, how to refine my teaching of skills in order for the children to progress in a lesson and effective ways of assessing children's skills at the end of a session. I now feel confident to teach quality PE lessons.*

*The introduction of PE journals has also been very effective in the children's reflection on each lesson and for self assessment. The children have a better understanding of why we learn skills in PE and what they are working towards.'*

## **PE and Sport premium allocation for 2105/16 – expected £9000**

For the academic year 2015-16 we have again chosen to use our PE and Sport Premium Funding to employ a coach from Full Circle Sports to work alongside our teachers to further improve their skills and confidence in delivering high quality PE lessons. She is also coordinating competitive sporting fixtures with other schools locally as well as maintaining the role of PE coordinator.
