26/5/2016

Dear Parents,

The year has flown by and the final term of Year 4 is around the corner. Our current topic of El Dorado will be continuing into the new term as the children work towards finishing their films. In Literacy, the children will be studying the narrative writing features from our El Dorado book. They will write their own short stories to be included in the film. Once our films have been wrapped up, we will be switching our attention away from El Dorado and towards Rio de Janeiro and the Olympics. They will be learning about Brazil and its geography as well as producing reports and persuasive Olympic bids as representatives for other countries.

In science we will be creating fair experiments and investigations around some of the events and the equipment from the games. The children will be creating art under the theme of movement and in PE we will be playing tennis.

Forest school will be continuing on a Wednesday afternoon and PE on a Friday. Our homework will continue to be times tables, MyMaths and our reading activities but there will be an additional task to prepare a short presentation of 3 to 5 minutes. The theme for the presentation will be 'Surprise Me' which I hope allows for them to choose a topic which shares one of the interests or activities they enjoy outside of school. Preparation for this doesn't have to happen yet and more information will be sent out at the beginning of next term.

As I begin to face up to writing reports it is great to reflect on all the hard work and progress we've seen over the year so far. They can all be very proud of themselves.

Yours sincerely,

Mr Chandler
